

ALIENS ON PUBLIC WORKS

Congress selected Chicago as the most central and available site for the Columbian Exposition or World's Fair to celebrate the 400th anniversary of the discovery of America. It also made a liberal appropriation, as did also the Illinois Legislature and City Government of Chicago, for preparing the grounds, erecting suitable buildings, etc., on the site selected by the World's Fair Commissioners. Contracts have been let for improving the grounds and large numbers of laborers and carpenters have been employed by the contractors in doing the work. It was ascertained last week that both laborers and carpenters were working for much less than the customary wages. This led to the organization of a mob which drove the laborers from the grounds where they were at work, and threatened them with severe punishment if they resumed work. The contractors applied to the city authorities for police protection for the laborers who are all aliens. But Major Oreiger is a hard-headed Democrat, who believes in enforcing the laws, and he politely informed the contractors that an Act of the Illinois Legislature of 1888 makes it unlawful for any board, commission, officer or contractor, acting for or under any municipality to employ alien labor and that he cannot uphold the violation of that Act by furnishing police protection to aliens employed on the World's Fair grounds.

The laborers who were driven from work by the mob are all Italians, and while it may appear strange and even inconsistent that the countrymen of Columbus should not be permitted to work in preparing the grounds for the exposition in which the whole world is invited to participate in celebrating the anniversary of his discovery, it is the law of Illinois, and the Mayor of Chicago is determined to enforce it, though the Board of Directors appointed by the President to supervise the grounds and buildings seem disposed to ignore it.

AGAINST FREE COINAGE.

The caucus of Republican members of the House of Representatives held to discuss the silver question was slimly attended, not over seventy-five members being present. The greater part of the session was devoted to a discussion of free coinage, and the settlement of the caucus was against it. Perkins of Kansas and Bartine of Nevada spoke for silver, and Walker of Massachusetts and Cannon of Illinois against it. The majority was against further silver legislation at this session of Congress and, as the decree of King Caucus is binding on all present it is morally certain that the Senate's Free Coinage bill will not pass the House of Representatives.

Very few Nevada Democrats are disappointed with the action or rather non-action of the House at the present session on the silver question. The Sherman bill which makes silver a commodity, subject to the corners of the bulls and bears of Wall street, was accepted as satisfactory by every Republican newspaper and stump speaker in Nevada, and Democrats were denounced as enemies of silver for opposing it and showing what would be the inevitable result of such a law. The November election indicated that a majority of the people of Nevada were satisfied with the act and there is no reason why Speaker Reed and the majority of the House of Representatives should think otherwise, except that our Senators voted for free coinage.

THE HUMBOLDT WATER SUIT.

A year ago P. N. Marker, L. N. Carpenter and J. H. Thies of Lovelocks, owners of water rights on the Lower Humboldt, brought suit in the District Court at Winnemucca for the adjudication of priorities of water rights under the Act of the Legislature of 1889. There were over five hundred defendants, every water claimant on the Humboldt river and its tributaries having been made a party to the suit. The District Court of Nevada, Judge Fitzgerald presiding, declared the Act of 1889, under which the suit was brought, unconstitutional, and plaintiff's appealed to the Supreme Court several months ago. Now J. H. Mac Millan, counsel for plaintiff's, is informed by the Clerk of the Supreme Court that the consideration of the case has been indefinitely postponed. The reason assigned is that Judge Belknap is disqualified by reason of his relationship with one or more of defendants, and that Judge Bigelow is interested in one of the water rights involved in the suit.

Now, unless Judge Murphy, who it appears is not directly interested in the result, decides the case alone, it will be continued until after the next general election or until there is a change in the personnel of the Supreme Court.

The Silver Bill Doomed.

Special to the Journal.

WASHINGTON, February 18.—If the program agreed upon to-day by the House Coinage Committee to govern its action upon the Senate bill is carried out, it will make it impossible to pass that bill the second time, if the President declines either to approve or disapprove it. The period of time between one o'clock Friday and noon March 4th is just one hour less than a year of ten days, exclusive of Sunday, that the President will be permitted to retain the bill without returning to Congress.

News of Importance From Home and Abroad.

The Coinage Committee.

Special to the Journal.

WASHINGTON, February 18.—The House Coinage Committee adopted a resolution to close the hearing at noon Friday and to vote on the Silver bill at 1 o'clock that day.

Warner, of Ohio, called attention to the charge that the advocates of "free" coinage were not willing to be questioned and stated that he was willing to answer any inquiries which might be made. Walker asked if he was not the head of the National Silver Executive Committee, and when Warner responded in the affirmative Walker inquired how much money had been expended to promote silver legislation. Newlands interrupted with the remark that he had given a statement of expenditures to the Silver Pool Investigating Committee, and advised Warner not to answer the question. Warner declined to give the amount but declared that five dollars had been expended by the gold pool and the bank pool for every dollar spent by the silver men. Warner declared that he represented no pool and that he had been advocating the cause of silver ever since he had heard of its demonization.

Walker several times pressed Warner as to his knowledge of the existence of any gold pool or bank pool. Warner's response was in effect that he had no knowledge of any except that which was in the public press.

High Water in Arizona.

Special to the Journal.

PHOENIX, A. T., February 18.—The heaviest storm ever known here has been raging since Monday morning, exciting the noted once of a year ago when Walnut Grove dam was washed away, attended with much loss of life. At this writing (8 p. m.) Granite creek is from a foot to a foot and a half higher than during the storms of last February and is still rising rapidly, and the rain is coming down in torrents. Communication is shut off from all directions. No reports of damage have yet been received, but fears are entertained that the disaster of a year ago may be repeated by washing out the dam built on Lynx creek during the past year.

CLIFTON, A. T., February 18.—The Erieo river is booming and threatens to wash the town away. The river is rising one foot per hour. Continuing six hours at that rate the town is doomed.

Senate Proceedings.

Special to the Journal.

WASHINGTON, February 18.—A number of pension bills were passed, including the bill increasing the pensions of the widow of General Custer, Admiral Wilkes and General Daniel Ullman to \$100 a month. The Senate bill to provide times and places of holding terms of the U. S. Courts in Idaho, passed.

The Senate then proceeded to the consideration of the substitute for the House bill providing for adjudication and payment of claims arising from Indian depredations. On a vote being taken on Edmunds' motion to strike out Section 3 no quorum voted and the Senate took a recess until 8 p. m.

Supposed Murderers Arrested.

Special to the Journal.

CARSON, Nev., February 18.—Sheriff Botsford to-day captured the supposed murderers of Mrs. Greenwood at Napa. They gave the names of Wm. Anderson and Wm. Jones, alias O'Brien. Both answer descriptions given by Mr. Greenwood with the exceptions of mustache. O'Brien had a bunch of skeleton and pass keys capable of opening almost any ordinary door. One is Swedish and a blonde, the other is an American, dark complexioned. Word has been sent to Napa by mail with photographs of both men. Nothing further will be learned until the news is received from that point.

Public Services in San Francisco.

Special to the Journal.

SAN FRANCISCO, February 18.—A public meeting called by the Mayor and Board of Supervisors to take action regarding the public observance of General Sherman's funeral was held this morning and a number of prominent citizens were present. The discussion resulted in the appointment of a Committee of Arrangements who shall secure a hall for public services, and request the ministers of all churches to hold services on Sunday. Business men will be requested to close their places on Saturday. The committee will hold a meeting to-morrow.

Flowers from the President.

Special to the Journal.

NEW YORK, February 18.—This afternoon a large pillow of lilies of the valley, roses and violets were received from President Harrison. The violets were wrought in the form of a saber upon the pillow. The steamship Majestic arrived off Fire island this evening. The General's son, Thomas, will thus be in time for the funeral.

Probable Successor to Windom.

Special to the Journal.

CLEVELAND, February 18.—A special from Foster, Ohio, says ex-Governor Foster, who was mentioned as the probable successor to Windom, has been called to New York by a telegram from President Harrison.

BY TELEGRAPH!

The Way the Price of Silver is Determined.

Special to the Journal.

WASHINGTON, February 18.—The acting Secretary of the Treasury in answer to the Senate resolution says the basis on which he estimated the market price of silver is the daily quotations of silver in London, New York and San Francisco markets. The Secretary estimates from comparison of these prices and prices at which silver is offered for sale to the Government, the rule being to accept the lowest offers, provided they do not materially exceed the highest market price in the three named cities. Nettleton further states that no silver bullion has been purchased by the Government outside of the States, but undoubtedly large quantities of foreign silver bullion has been delivered on purchases to the Government made from parties residing in the United States.

House Proceedings.

Special to the Journal.

WASHINGTON, February 18.—In the general debate Blount of Georgia argued against the Shipping bill and Kerr of Iowa for it.

Cummings of New York advocated his resolution protesting against the persecution of the Jews in Russia.

O'Farrell of Virginia argued against the Shipping bill. In the course of his remarks he touched upon the silver question and declared that Grover Cleveland was deeper down in the heart of the Democracy of the country than any other living man. Whatever his position might be to-day on silver coinage when the National Convention spoke in '92 he would endorse the principles of the platform, whatever they might be. Without disposing of the bill the committee arose and the House adjourned.

Floods in Kentucky.

Special to the Journal.

CARLETON, Ky., February 18.—The Big Sandy and Ohio rivers have risen rapidly and are doing much damage in the lower part of town. Part of Front street was washed out this morning, and many people along the river are abandoning their houses.

A Heavy Attachment.

Special to the Journal.

NEW YORK, February 18.—Attachments aggregating \$122,500 were issued to-day against the Kentucky Union Railway Company and the Kentucky Union Land Company with headquarters at Louisville.

A YOUNG DESPERADO.

A Drunken Youth Stabs a Companion.

Yesterday's Enterprise says: Fred Brault, a drunken 17-year-old boy, about 11 o'clock last evening stabbed George Cabill, a companion about the same age, in front of the Ozark saloon, with a pocket knife. The wound was three or four inches deep, back of the right shoulder blade, and the victim nearly bled to death before prompt surgical assistance could staunch the copious flow of blood. There was no quarrel, but Cabill was trying to take him home, when he became enraged. He tried to follow up with more stabs, but was prevented. He is in jail, awaiting the result, which at last accounts was liable to prove fatal. Any man who will sell or give boys liquor should be fined heavily or imprisoned the same as in a case of selling or giving liquor to Indians.

The Bankers and Merchants Life Association.

The affairs of the Bankers and Merchants Association of the United States have been placed in the hands of a receiver in San Francisco. Attorney General Hart in behalf of the people brought suit to determine the legality of the institution. A decree was entered adjudging the corporation guilty of usurping and using certain rights, privileges and franchises and enjoining the officers and employees of the company from again making use of them. It was a corporation in which no stock was ever issued or subscribed for and there were no stockholders, and it was doing a life insurance business in violation of the laws of California.

It is believed, the Directors say, that the money on hand, with premiums in course of collection will be amply sufficient to meet all the just obligations of the Association.

A number of citizens of Reno hold policies in the association for amounts ranging from \$2,000 to \$10,000. These policy holders have received circulars from the association recommending them to transfer their membership to the Mutual Benefit Life Association of America.

Weather Report for February 18, 1891.

Ogden—Breezy, about 25 degrees above zero.

Terrace—Calm, northeast wind; 21 degrees above zero.

Truckee—Cloudy, calm; 20 degrees above zero.

Summit—Cloudy, southeast wind; 19 degrees above zero.

"Ye Hatcher Partie."

Ye Young Women's Christian Temperance Union will give "ye hatcher partie" at Thompson's Hall, Monday evening, February 23, 1891. All are cordially invited. Admission, including refreshment, 25 cents.

Dr. Liebig Coming.

Dr. Liebig, the well-known specialist, will be at the Palace Hotel on Monday, February 23d, and will attend to the afflicted. The Doctor has made annual visits to this town for years, and has made many friends. He graduated over fifty years ago, and has kept up with the times. Any one suffering with any kind of a disease will do well to call on him.

DIED.

SHARON.—At St. Mary's Hospital, Virginia City, February 17, Grafton H. Sharon. Deceased was a first cousin of the late Senator Wm. Sharon and a second cousin of C. J. W. E. and W. G. Sharon.

MORRIS.—At Nelson's ranch, Humboldt county, February 16, Mrs. J. W. Morris.

The remains were taken to Marysville, California, for interment.

MARRIED.

GRANT—LORING.—In Reno, Nevada, February 12, 1891, by Rev. Thomas Regoli, Herman Grant, of Truckee, Cal., to Miss Lizzie S. Loring, of Boca, Cal.

NEW TO-DAY.

Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELLA A. GOFF, 61 Terrace Street, Boston.

Sarsaparilla

Sold by all druggists. \$1; six for \$5. Prepared only by O. L. HOOD & CO., Apothecaries, Lowell, Mass.
